REMARKS

At the Examiner's suggestion the Applicant has amended claims 89 and 107 to remove the phrase "and/or" and substitute the word "and" so as to make the meaning and structure of the claims more clear.

The Applicant has amended independent claims 89, 98, 107, and 108 to remove the terms "original hardcopy" from these claims. The Applicant points out that this term was not in the original claims submitted with this application. The applicant is removing this term because medical records come in many forms and revisions (copies, duplicates, etc., vs. original records) in doctors offices, hospitals, labs, clinics, etc... and the applicant does not want to unduly limit the field of use and scope of this invention in terms of such types of medical records.
